Q.2. C.3 "ONE CANNOT NOT COMMUNICATE"

The communication happens all time. According to this there is no way one cannot not communicate. We are always communicating. even the silence sent out a message verbal or non-verbal. even the lack of action sends a message. Silence may be an implicit message to the others. One cannot respond in a communication, though this is communicating too. Non-verbal actions ~~and~~ send a message too.

For Example :- One can not to confirm an action. This has a message value too or cannot not respond to this communication, it's a way of communicating too.
