C. 'One cannot not communicate'

According to this there is no way one cannot not communicate.

We are always communicating, even the silence sends out a message. Verbal or non-verbal, even the look of action sends a message.

Silence may be an implicit message to the others. One cannot respond in a communication, though this is communicating too.

Non-verbal actions send a message too.

Eg: One can nod to confirm an action. This has a message value too, for cannot not respond to this communication, it's a way way of communicating too.
